Community development

Modernization of the village market

The community council wants to modernize the local market, promote trade, and support local craftspeople.

It applies for funds to organize the village market better, to renovate infrastructure, and to build larger market stalls.

Investment 100 Afro

Community development

Public transport

The community council wants to conclude a contract with a bush taxi company to guarantee two weekly connections between the village and the city.

Investment 50 Afro

Community development

Health system

The community council is concerned about the poor conditions of the health centre.

It wants to invest in renovating the building and in upgrading infrastructure, as well as in training young women to work as health and hygiene advisers in the community.

Investment 100 Afro

Community development

Drinking water supply

The community council wants to ensure access to clean water for the entire population. It has plans for structurally modifying existing wells to protect against contamination by animals as well as for building new pump-driven wells.

Investment 100 Afro

Community development

Electricity supply

The community council wants to increase safety and efficiency and concludes a contract with the national electricity company, in order to supply electricity to the community and the market.

Investment 100 Afro

Community development

Road construction and maintenance

The community council wants to invest in upgrading and maintaining the road network, in order to ensure that the population is also well connected during the rainy season.

Investment 100 Afro

Community development

Peace Court

The community council wants to ensure peaceful relations and cooperation in the community. It establishes a Peace Court for the mediation and settlement of conflicts. It officially assigns this function to the council of elders.

Investment 50 Afro

Community development

School system

The community council wants to invest in improving the school system to increase their children's chances of obtaining a good education. It contracts local tradespeople to build a new school, purchases school supplies, and hires competent teachers.

Investment 100 Afro

Community development

New community hall

The community council wants to improve its standing and support the work of community administrators by constructing a prestigious, modern community hall.

Investment 100 Afro

Community development

Veterinary services

The community council wants to improve animal health by establishing veterinary services.

Investment 100 Afro

Community development

Irrigation systems

The community council wants to renovate existing irrigation canals and invest in the construction of new, water-saving irrigation systems.

Investment 100 Afro

Community development

Community vehicle

The community council wants to buy an all-terrain vehicle in order to maintain easier contact with people in the sprawling community and to increase exchange with regional administrators.

Investment 100 Afro
